Regular \$1.00 Neckwear	50c
Regular \$1.50 Neckwear	75c
Regular \$2.00 Neckwear	\$1.00
Regular \$3.00 Neckwear	\$1.50
\$4 and \$5 Neckwear	\$2.98

Main Floor.

FRONT CLOSED ON ACCOUNT OF DUST FINE WAS REDUCED BY CRUTCHFIELD

Monument Avenue Residence Suffers at Hands of Motor Car Fiends.

This notice was posted yesterday in front of the residence of M. L. Hofheimer, 2700 Monument Avenue, one block from the Boulevard:

"Enter by rear; front closed on account of dust."

The notice called attention to conditions against which citizens have complained for weeks. Since Monument Avenue has been turned into a speedway, it is impossible for many people to sit on their front porches after dark and late in the afternoon, for the dust is whirled up by passing cars, smoke adding to the discomfort and nuisance.

The understanding of the citizens is that the Council has already appropriated money for smooth paving, but it can hardly be put down before frost. Meanwhile, the residents suffer.

"There are not more than a dozen automobile owners in Richmond who have aroused the public to the need of lending them to jail," said an owner last night, "but the rest of us are suspended and roasted when the great majority tries to keep within the law. If this thing keeps up, however, it may affect property values in Monument Avenue—certainly until the smooth paving comes to our relief. To my mind, it is a disgrace that a citizen is forced to close his front door on account of dust, yet that is what happened to-day."

CHARTERS ISSUED

Springfield Operating Company (Inc.), 201 N. 1st St., Springfield, Va., President and Treasurer, Kilpatrick, Va.; M. St. George Tucker, vice-president, Lexington, Va.; R. W. Shuttles, secretary, Norfolk, Va.; Capital, \$10,000; minimum, \$5,000; Object: Operating company for fertilizer, etc.

W. A. Drummond, Hiddle Corporation, Norfolk, Va.; M. P. Drummond, president; C. C. Miller, vice-president; C. C. Hiddle, secretary and treasurer; all of Norfolk, Va.; Capital, \$10,000; minimum, \$5,000; Object: Buy and grain business.

Campbell Lumber Company (Inc.), Scottsboro, Va.; George Sawyer, president; R. P. Miller, vice-president; M. J. Campbell, secretary and treasurer; all of Scottsboro, Va.; Capital, \$10,000; minimum, \$5,000; Object: Lumber business.

The Temple Store (Inc.), Clifton Forge, Va.; W. P. Brown, president; and Treasurer, W. P. Moon, secretary and treasurer; W. King, all of Clifton Forge, Va.; Capital, \$10,000; minimum, \$5,000; Object: Store business.

Foreign corporation, domesticated; Jackson Brothers Company, a Maryland corporation, with \$10,000 capital, to do business; George R. Robertson, secretary; Agent, Wheeling, Va.

ALDERMEN CALLED

Must Act at Once on Polling Precincts for Tuesday's Election.

President Robert Whittey issued last night a call for a meeting of the Board of Aldermen for Tuesday night at 8 o'clock to consider the petition of the citizens for the polling places for the city. The petition of the City Council in attending to this matter makes it exceedingly urgent, should the Board fail to act before sunrise next Tuesday. It is considered quite possible that the general election for Mayor and members of the Council might be declared void and a new election held.

The Aldermen have no personal interest in the matter, nor do members come up for election at this time. Half of the members of the Board of Aldermen will compose the Board of Aldermen, with the addition of Mr. Miller in Clay Ward, for the coming year.

Defendant Pays Costs.

The case of John H. Garrett against Martha E. Garrett, pending in the City Circuit Court, was dismissed yesterday at the cost of the defendant.

COULD NOT DIG UP WORKING QUORUM V. P. OFFICIALS ARRANGE FOR BOND

Common Council Refers Papers to Committee and Adjourns Again Till Wednesday.

JUNKET COST REFUNDED

Ordinance Committee Gets Request for New Antispeeding Measure.

For the second time in a week the Common Council failed of a working quorum last night, and adjourned over to Wednesday night of next week. The utmost efforts on the part of the sergeant-at-arms could only bring forward twenty-five out of the forty members. While legally a quorum, it was found impracticable to take up the month's docket, since most important papers require a two-thirds vote. The only paper adopted was the list of polling places in the city reported by the Committee on Printing and Claims. The list is the same as that utilized in the recent Democratic primary, but the law requires that the polling places be adopted by the City Council before the general election of next Tuesday can legally be held. In order that the election of the Mayor and members of the City Council may not hereafter be questioned, the Board of Aldermen has been called to meet tonight to concur in the ordinance, which will at once be presented to the Mayor for his approval.

Automobile Licenses.

President Peters presented the petition of the Richmond-Virginia Highway Association for a city appropriation, which was referred to the Committee on Finance, and a communication from the Board of Police Commissioners calling attention to the inadequate provision of existing statutes in regard to licensing those who may operate automobiles on the streets, which was referred to the Committee on Ordinances, Charter and Reform.

Mr. Umlauf offered and had referred to the Committee on Finance a resolution appropriating \$3,000 for repairs to the Laurel Street Engine House.

Mr. Hirschbuhl offered a resolution providing for the donation to the Firemen's Relief Association of such funds as are derived from the sale of old material in the Fire Department, which was referred to the Committee on Finance. Mr. Ferguson offered and had referred to the Ordinance Committee amendments to the traffic code designed to prohibit heavy traffic on smooth paved streets, the ordinance exempting Broad Street when smooth paved, and making all cross streets traffic streets.

Would Refund Cost of Junket.

Mr. Ferguson also offered and had referred to the Committee on Finance a resolution appropriating \$125 to refund the cost of the junket of the members of the Street Committee and others to Newark, Atlantic City and other places. President Peters asked whether the bill rendered in the members of the Committee on Streets.

Mr. Bowman offered and had referred to the Committee on Ordinances, Charter and Reform an ordinance requiring the Health Department to have weeds cut therefrom, and to remove other nuisances.

In a spirit of grim humor Mr. Blake sent to the clerk's desk a resolution providing for the donation to retiring members of the Council of the chairs and desks they have occupied, "as there will be no further need for same." Amid some laughter the paper was referred to the Committee on Grounds and Buildings.

Many Excuses.

While the above preliminaries were being attended to, Sergeant-at-Arms Russell searched the neighborhood for more members. He reported at 5:30 that twenty-five members had been found, but that could be secured, since several were out of town, and several others were at the Academy of Music.

Mr. Coase was reported stuck in the mud with his motor car several miles from the city. Mr. Brown on his wedding trip, and Mr. Fuller reported at the last moment there having been a fire at the house next door to his home. Those answering the roll call were Messrs. Blake, Boschen, Bowman, Bradley, Burke, Butler, Cawson, Fuller, Haddon, Hirschbuhl, Hobson, Huber, Jones, Pollack, Pollock, Powell, J. C. Powers, Rogers, Seaton, Selph, Sullivan, Umlauf, Weston, Whittey, and President Peters—25.

Meeting Place for Speeders.

Arrested on complaint of fifteen neighbors, Peter Carter and his wife, who live at 2205 West city street, were each fined \$25 and required to post bond for good behavior by Magistrate Parker in the House of Delegates. The case was heard in the afternoon and was produced to show that the Carter and been running an objectionable race for his automobile parties. The house is just beyond the city limits.

Name of Church Is Changed.

An order of the court changing the name of the Mount Pleasant Methodist Church to the Mount Pleasant Methodist Episcopal Church, South, and authorizing the trustees to make a loan of \$500 secured on the church property, was issued by Judge Carter.

The Direct Effect

Of the good roads problem on the like problem of rural education is plainly shown by what the citizens of James City county have accomplished by their splendid roads leading out to Toano, Va. The development of one of the finest High Schools in Tidewater Virginia followed easily. Large wagons are used daily to bring the children into the town from the adjacent country, such a method heretofore being impossible in the days when the mud reached to the hub. Good roads in James City have led to practical results in consolidating educational efforts.

The American National Bank

of Richmond, Va.

believes that similar results will follow similar efforts in other counties. Make YOUR effort and enjoy results in

Security and Service

Obsolete Law Would Require Enormous Sum—School in Good Shape.

Dr. Paul B. Barringer, president of the Virginia Polytechnic Institute; L. E. Johnson, a rector of the board of visitors of that institution; and Charles I. Wade, of Christiansburg, its treasurer, spent yesterday in Richmond on business connected with the State's great technical school. Arriving early in the morning, they at once had a consultation with State Auditor C. Lee Moore.

It seems that an ancient act of the Legislature, passed in 1872, requires that the treasurer of the Polytechnic Institute shall give a bond in double the amount of the income of the school. In those days the income was so small that a straw bond was almost sufficient. In recent years the requirement of law has been entirely overlooked, and nobody knew it was in existence. The treasurer has been bonded for \$70,000. Only recently, Auditor Moore found the old law and asked that it be complied with.

Impossible Task.

To comply with the statute in these days of the prosperity of the agricultural and mechanical college would mean to give a bond of \$282,000. The giving of such an instrument would pay a professor. Other State educational institutions are bonded in from \$15,000 to \$25,000.

The Attorney-General was not in the city yesterday, but it was mutually agreed that he does not object to the bond being placed at about \$50,000, and that the payments to the school will be graduated in such a way that at no time will the treasurer have more than \$5,000 in his possession. In fact, the visitors will see to that.

President Barringer was in good spirits over the school, whose commencement will take place next week. He was giving such attention to the agricultural department that ever before, no fewer than twenty having degrees. In view of the recent changes in the personnel of the board of visitors, Dr. Barringer's work at the school in future years than heretofore, and he is apparently much pleased with the outlook.

IN POLICE COURT

Case Against Miller, Who Hit Rueschmud, Completed Today.

Joseph Devanti, an old colored man, was sent to jail from the Police Court yesterday morning for four months on the charge of striking with his fist the head of Stephen A. Ellison and Robert Jackson were fined \$2 each for violating the traffic ordinance.

W. A. Purdie was drunk and disorderly and related a police officer. He was fined \$5 and placed under security of \$100 for six months.

The case of Frank Miller, a barber, charged with running over and severely injuring Carl Rueschmud with an automobile on Monday night, June 2, at the intersection of Washington and Main streets, was postponed several times.

TO ATTEND UNVEILING IN WASHINGTON TOMORROW

One hundred and twenty-five local members of the Knights of Columbus will leave today for Washington, where they will attend the unveiling of the Columbus monument. They will be joined here by about 100 members from Norfolk.

They will take place in the plaza before the Union Station, where the statue is situated. Besides a grand parade, the occasion will be celebrated with one of the fireworks ever seen in Washington. A grand concert will be held in the convention hall, and the exercises are expected to attend the exercises.

FLAGMAN HURT BY PASSENGER TRAIN

Knocked Down at Harrison and Broad While Flagging Street Cars.

While attempting to flag two street cars near Broad and Harrison Streets last night, Frederick Holland, colored, of 212 Graham Street, was struck by an incoming train on the Richmond, Fredericksburg and Potomac Railroad and painfully though not dangerously hurt.

He was attended by Dr. Hawkins of the city ambulance, who, after making a cursory examination, removed him to the Retreat for the Sick, where it was stated at a late hour that he would recover without any permanent injuries.

Treasurers' Commission.

On a ruling by the Attorney-General, issued for by the Auditor of Public Accounts, it is decided that treasurers who assumed office on January 1 of this year will be entitled to commissions as follows on unpaid tax tickets turned over to them: Five per cent on the first \$25,000, or less, and 3 1/2 per cent for amounts in excess of \$25,000.

This is the standard commission. The point was whether or not Section 613 of the tax laws would apply in those counties where the revenues are less than \$100,000 and where the treasurers get 4 per cent on the unpaid tax tickets on December 1. It seems the new treasurers will not receive this additional commission in the smaller counties.

BUILDING PERMITS

Connell & Miller, to Erect New Hotel in North Third Street.

Building and repair permits were issued yesterday as follows: M. F. Luskard, to erect two-story tenement, four dwellings, on the south side of Main Street between West and Auburn Streets, to cost \$12,000.

J. M. Collins, to erect a detached two-story frame dwelling on the east side of Oakwood Avenue between Blaine and Colquhoun Avenues, to cost \$12,000.

Connell & Miller, to erect a three-story and basement brick hotel and cafe on the west side of Third Street between Broad and Market Streets, to cost \$100,000.

Building will front fifty-two feet on Third Street, run back sixty feet and be fifty feet high. It will have twenty-five bedrooms, cafe and bar.

Hubert Harko, to erect a detached two-story and basement brick dwelling, 125 Colquhoun Avenue, to cost \$2,000.

B. H. Melton, to erect a two-story brick tenement, two dwellings, on the east side of Addison Street between Hanover and Grove Avenues.

Daisy B. Waiden's estate, to erect a detached one-story brick garage in rear of 228 West Main Street, to cost \$200.

The Wortendyke Manufacturing Company, to erect a brick factory on the east side of Thirteenth Street between Cary Street and James River, to cost \$200.

P. J. Bagley, to repair a frame dwelling, 224 East Broad Street, to cost \$500.

New Policeman.

Nicholas Walsh, qualified as a member of the police force before City Clerk Ben T. August yesterday. He was elected by the Police Board to succeed B. H. Werner, resigned.

ASKS SUSPENSION OF FREIGHT RATES

Corporation Commission Joins in Request of Southern Trade Associations.

RAILWAYS SETTLE DISPUTE

Will Adjust Grade Crossing Differences—Convicted of Arson.

Joining in the action of the various trade bodies and traffic associations, which met in Atlanta on Monday, the State Corporation Commission yesterday requested the Interstate Commerce Commission to suspend for 120 days the operation of Southern Classification, No. 39, effective on June 1.

It is set forth that this classification was filed in May, and that prior to that time the shippers and receivers of freight had not had sufficient information of its contents, or of the changes proposed from the current classification, while the experts of the various carriers interested have given to it years of continuous study. It is asked that the carriers be required to justify every proposed advance in rates and the amount derived from application of the changes, and that in case of failure to properly justify the increases, they be disapproved by the Interstate Commerce Commission.

As further reason for the delay, it is pointed out that the new classification contains 157 pages of printed descriptions, against only seventy pages in the one now current. There are more than 1,100 changes in classification, 747 increases in ratings, 377 reductions, 238 increases in minimum carload weight and thirty-six reductions in such weight. It is felt that the result will materially increase the charges of a vast number of commodities.

Admitting the desirability of some degree of uniformity in classification, the petition thinks the public should have a chance to analyze radical changes before they become effective.

Among the bodies joining in the protest are: Memphis Freight Bureau, Gainesville, Fla. Board of Trade, Georgia-Savannah Association, Jacksonville, Fla. Board of Trade, Atlanta, Ga. Freight Bureau, Charlotte, N. C. Shippers' and Manufacturers' Association, Georgia Travelers' Association, Chamber of Commerce of Macon, Ga., and Merchants' and Manufacturers' Association of Birmingham, Ala.

SETTLE DIFFERENCES

Compromise as to Railway Crossing on Point of Commutation.

According to a long distance telephone message received yesterday by Clerk R. T. Wilson of the State Corporation Commission, the officials of the Washington-Virginia and of the Washington and Old Dominion Railways are on the point of settling amicably their differences regarding the grade crossing which has been the subject of litigation. The presumption is that some arrangement will be made for a temporary crossing at grade, so that the Washington and Old Dominion may fulfill its contract to carry passengers into Washington after July 1, pending an underground crossing.

In view of this expected settlement, it was asked that the adjourned hearing, which had been fixed for next Monday, be postponed to next Thursday, which was done.

TEN YEARS FOR ARSON

Man Who Set Fire to Judge White's Property Is Punished.

Insurance Commissioner Joseph Button learns that L. L. Harris, colored, who was arrested in March by detectives of the department on a charge of arson, has been sentenced in the Circuit Court of Albemarle county and given a sentence of ten years in the State Penitentiary. The victim was Judge John M. White, whose barn, with its contents, near Charlottesville, was destroyed by fire. Harris was charged with setting the barn on fire.

Harris was the manager of Judge White's farm, and is said to have made threats to "set even."

Richmond Academy Fights.

Richmond Academy will hold its commencement exercises in the Richmond College building, which is the site of the graduation exercises of the graduates of the United States District Court yesterday afternoon. The case was called yesterday by the attorney for the plaintiff, a plea of former jeopardy, to which the prosecution demurred and which Judge Waddill took under consideration yesterday morning. He heard the argument and sustained the demurrer.

The case began yesterday afternoon at 3 o'clock and continued until after 1 o'clock several days. The three men against whom the charges are made will be tried jointly.

Dr. Connell Leaves Hospital.

Dr. M. J. Connell has returned to his home after successfully undergoing an operation for appendicitis at the Memorial Hospital.

College Student Robbed.

M. L. Mintze, of Richmond College, reported yesterday the loss of the theft of two suits of clothes valued at \$20. Mrs. F. R. Carter, of 206 Addison Street, reported that an unknown colored man had stolen from her residence \$25.95 in cash.

BLUES TO ATTACK THEIR HOME CITY

But Part of Command Will Try to Repel Them—Manoeuvres Planned.

As soon as details can be worked out, Major E. W. Bowles, of the Richmond Blues, will announce orders covering an attack and defense of Richmond, executed by his command. Two days will perhaps be spent in the manoeuvres.

A similar attack was had about three years ago, when one company was dispatched to Petersburg by car and the other marched out from this city. At a given point the two companies met and executed a series of threatening movements on Richmond and its prevention by the defending party.

There are now four companies in the battalion, and two can be engaged on each side, giving wider latitude for the desired movements. One night will be expected to be spent on the field, and may give rise to opportunities for surprises, when one command or the other may be cut to pieces. All the fragments, however, expect to be able to go to Connecticut, Rhode Island and New York in September.

Some day in July will probably be chosen for this manoeuvre.

No Moon for Moonlight.

Owing to the bad weather last night the moonlight to be given by the Daughters of the Confederacy was postponed until to-morrow night. The postponement will leave the Old Dominion wharf promptly at 8:15. Those having tickets to last night's trip can use them at this time.

Suits Worth Up to \$25 at \$15.00

STRAW HATS WORTH \$2.50 AND \$3.00 AT \$1.65. Visitors and residents should take prompt advantage of these exceptional opportunities. Suit sale will end Saturday night.

Gans-Rady Company

FEWER PARDONS ISSUED BY MANN VIRGINIA SCHOOLS WIN HIGH PRAISE

Exercises Clemency in One-Third Less Cases Than Did Swanson.

Comparison of pardons, respites and similar evidences of executive clemency shows that Governor Mann has been nearly so liberal in this respect as was his immediate predecessor, Governor Swanson. The biennial report to the General Assembly, made by the present Governor to cover the two years of his incumbency, from his inauguration on February 1, 1910, to January 31, 1912, has been issued in printed form by Davis Bottom, Superintendent of Public Printing.

The total of pardons and other papers favoring those convicted of law-breaking during the last two years of Governor Swanson's term was 624, while for the first two years of Governor Mann's it was 412, or 65 per cent, as many as those given by his predecessor.

Conditional pardons were granted by Governor Swanson in two years to the number of 353; by Governor Mann, 254. Absolute pardons—By Swanson, 91; by Mann, 31. Commutations—By Swanson, 26; by Mann, 10. Respites—By Swanson, 11; by Mann, 4. Remission of fines—By Swanson, 14; by Mann, 4. Removal of political disabilities—By Swanson, 79; by Mann, 74. Only in commutations does the present administration exceed the last in favor to convicted persons.

It is worth noting that of Governor Mann's 254 conditional pardons, twenty-three were based on the proviso that the prisoner should not take a drink of intoxicating liquor for the remainder of his term. The commutations included Samuel Hidy, of Nansemond; the three Alexandria negroes convicted of the murder of Walter Schuttler, and other cases in the public eye. One of the reasons for the pardon of Maximilian Hirsch, of Rockingham county, in for murder, was that there were but two Jews in the penitentiary. A condition in the pardon of J. W. Thomas, of Mecklenburg county, was that he remain not less than 100 miles away from his old home.

SUSTAINS DEMURRER

Wood's Plea Upheld by Judge Waddill in Federal Court.

The trial of criminal charges against Clarence B. Wood, former president and owner of the Broad Rock Distilling Company, and John M. Rhea and L. W. Williams, employees of the company, began in the United States District Court yesterday afternoon. The case was called yesterday by the attorney for the plaintiff, a plea of former jeopardy, to which the prosecution demurred and which Judge Waddill took under consideration yesterday morning. He heard the argument and sustained the demurrer.

The case began yesterday afternoon at 3 o'clock and continued until after 1 o'clock several days. The three men against whom the charges are made will be tried jointly.

Outing at Forest Hill.

Luncheon and outing will be tendered by the Forest Hill Club this evening from 7 to 10 o'clock. Several members of the grand council of the order from the North have been expected to be present, coming to attend the first meeting of the executive committee to be held at the Southern headquarters in Richmond.

Still Hearing Plaintiff's Side.

Slow progress is being made in the trial of the suit of the East Main Motor Company against the Sultam Motor Company and the Old Elevator Company, which has been going on in the Law and Equity Court for several days. The suit is for \$10,000, it being claimed that a condemnation of taxicabs supplied were not up to specifications. (The plaintiff has not yet completed its side of the case.)

Qualifications in Chancery.

Arthur W. Lee and Charles P. Lee qualified yesterday in the Chancery Court as executors of the estate of Alfred S. Lee. The estate is valued at \$2,000.

William Huff Sand, of West Virginia, qualified as executor of the will of Joseph R. Sand. The estate is mainly located in West Virginia. The property in this State being small.

Blare in East Marshall Street.

Fire caught last night at the residence of E. L. Gaudin, 215 East Marshall Street, caused damages amounting to about \$100. Engine Company No. 4, under Captain Charles and Assistant Chief Wise, quickly subdued it.

Make Yourself at Home.

John W. Richardson, President of the Land Office and superintendent of the Capitol Grounds, has invited the delegates attending the first T. convention to make themselves at home at the Capitol during their stay in the city.
